

## Orac Decor – Technical Architect

### Technical Architect

**With an eye for interior design... or two!**

**As a Technical Architect, are you looking for an interesting challenge? Perfect! At Orac, we focus on our customers and seek to explore all digital opportunities. Our Digital Team is looking for a key person who will play an important role in shaping technological excellence throughout the organization, which is critical for fostering customer experiences and collaboration. Oh... Hang on. We haven't told you who we are yet. Let's start with that!**

At Orac, we believe every wall is a blank canvas. Where others see a flat surface, we see a world of possibilities. Welcome to the world of Orac. The world of architectural elements, made for walls.

We are a family-owned Belgian company that has been a leader in architectural elements for walls for over 50 years. From our headquarters in Ostend, our innovative products are available across Europe, from Paris to Köln, London, Barcelona, Slovakia, Lecco, and beyond.

Our commitment to sustainability is at the heart of everything we do. We strive to make a positive impact not only today but also for future generations. Sustainability is a core value that guides our choices—making the right choices for our planet, people, and community.

We believe in a world in which digital technologies and data enhance the customer experience. A solid digital backbone combined with strong local teams is a powerful mix for our growth.

### And we need you for this...

As a Technical Architect, you will be a key member of our Digital Team, responsible for the detailed design and technical implementation of our systems and applications. You'll make sure that technical solutions are reliable, scalable and aligned with business objectives.

Ready to become part of it? Your key responsibilities?

- Design and implement scalable technology solutions that meet business requirements, align with business strategy and integrate seamlessly with other systems.
- Collaborate with digital team members and stakeholders to gather requirements, translating them into technical solutions and maintaining comprehensive documentation.
- Guide and oversee the implementation of technical solutions working closely with – external – development teams to ensure adherence to architectural standards and best practices.
- Keep up with the most recent trends and apply them to our project as needed.

### This is how we describe you...

- You have a Master's Degree in ICT or equivalent experience.
- A minimum of 3 years of experience in software development and cloud architecture (preferable Azure).
- In-depth understanding of software/architecture principles, design patterns and best practices.
- You are proficient with APIs and cloud computing technologies.

- Experience with low code programming (Azure Logic apps) or programming languages such as C#, Python. Knowledge of Azure Function is a plus.
- It's nice to have a background in databases (SQL, ...).
- Strong analytical and problem-solving skills.
- Ability to translate complex subjects into actionable items.
- Ability to work in a fast-paced, agile environment and adapt to changing priorities and requirements.
- Excellent communication and interpersonal skills, with the ability to influence and collaborate with both technical and non-technical stakeholders.

**And of course, our offer to you...**

We give personality to walls and opportunities to personalities!

- You can expect a key role in an interior design business where you will be able to make a big impact on the organisation. Working in an environment that inspires and excites.
- A challenging international environment with central office in Ostend.
- You'll be part of a hybrid working team with a combination of working from home and at our office in Ostend.
- A culture that emphasizes freedom and responsibility.
- A great team of colleagues.
- Organization driven by technology - We have a tremendous technology backbone!

PASSION, INSPIRATION and LOYALTY are our values. Join a dynamic company with a fun and stable working environment. We would like to welcome you to our ORACIAN family!
